Order Instituting Rulemaking to Examine the
Commission's Future Energy Efficiency Policies,
Administration and Programs.

Rulemaking 01-08-028
(Filed August 23, 2001)

**ADMINISTRATIVE LAW JUDGE'S RULING
UPDATING OFFICIAL SERVICE LIST**

The service list in this proceeding includes several hundred individuals, businesses, and organizations, some of which no longer appear to be interested or active in the proceeding. This circumstance imposes burdens on Commission staff that copy and mail documents, and unnecessarily uses capacity on the computer systems of all parties who use electronic service.

The Commission will create a new service list in this proceeding. Any individual, business or organization that wishes to be on the official service list must contact me by August 16, 2003, in order to be included on the official service list. Requests to be included on the service list must identify a single individual for each business or organization to whom the Commission will mail official documents, and the service list will only list a single individual for each business or organization. Requests may include more than one e-mail address for each business or organization and all e-mail addresses will be included on the electronic service list. After I have received requests for inclusion on the service list, the Commission will make the service list available to the parties and create an electronic service list for the parties' convenience.

The Commission will honor any reasonable requests for inclusion on the official service list made after August 16, 2003.

IT IS RULED that parties who wish to be listed as parties on the official service list of this proceeding must inform the undersigned Administrative Law Judge no later than August 16, 2003, consistent with this ruling.

Dated August 1, 2003, at San Francisco, California.
